

# Independent Living Units

at the new Blue Haven Bonaira

**BLUE HAVEN**

Providing quality aged care services since 1979

## Come home to a new lifestyle

**Blue Haven Bonaira's brand-new one and two-bedroom independent living units set a new benchmark for quality and lifestyle in the Illawarra – surrounded by stunning coastal scenery and part of a lively local community. At Bonaira, you're home.**

### **A village within a village**

All 59 freshly completed units are spread across four multi-storey buildings located within the landscaped grounds of Bonaira village. As well as enjoying easy access to onsite facilities including community hall, wellness centre, observation deck and café, you also have the convenience of your own secure,

underground parking space – with Kiama's beautiful beaches, shops and convenient services just a short walk away.

### **Designed for modern living**

Blue Haven's new independent units are built using the latest senior living design innovations. All units come with their own car spot, an emergency call system that goes straight to an onsite caretaker or nursing unit, electric emergency doors and several other appliances and functions that make life easier for seniors. The units are thoughtfully designed offering plenty of storage, wide doorways, spacious living areas and separate bathrooms – perfect for sharing with someone!

See our website for all floorplan designs.

### Peace of mind is paramount

Blue Haven Bonaira's vision is to maximise comfort and safety. Every new independent unit features a 24/7 emergency call system linking directly to the onsite caretaker, while other thoughtful features include flush sliding door tracks, flat surfaces throughout, larger switches and contrast skirting edges for those with vision impairments. All this within a secure apartment-style village that is professionally staffed around the clock, with a permanent onsite caretaker.
